VERIFY WITH CONFIDENCE.

Tax Return Verification, or "TRV®" Services, obtains tax transcript data from the IRS using Form 4506-C. Our QC review process improves IRS reject rates resulting in faster turntimes compared to industry benchmarks.

TRV Services compiles the data from lengthy IRS transcripts into easy-to-read reports, including custom delivery options and data analytics.

TRV® Services is eligible for NCS' all-inclusive pricing program.

As the first nationwide 4506-C processor in 1994, *TRV* Services best positions our clients with industry-leading turn times and minimal downtime from the IRS.

We lead by injecting transparency into processes. Never lose touch with the exact status of your request. Each 4506-C application is scrubbed for quality assurance prior to IRS submission, greatly improving reject rates by 6% compared to national industry average resulting in cost savings for clients. Quickly configure online personas and authorization for account viewing, invoicing, and cost accounting.

PRODUCT HIGHLIGHTS

- Faster turn times
- Lower reject rates
- Custom integrations
- Multiple report formats

▪ Use of several IRS service centers nationwide for best turntime performance and metric matching to the End User/Client.	▪ Proprietary 4506-C QC conducted prior to delivery to the IRS that can be increased or decreased per client specifications.
▪ Performance tracking of each process and status for simple, comprehensive monitoring and reporting available via NCS' HD Platform or API integration.	▪ Expert knowledge of IRS to better route requests, understand system architecture to better advocate for system modernization and processing enhancements.

TRV Services is available from a network of Alliance Partners, powered by NCS, the first IRS tax transcript provider available nationwide. No other can provide the breadth of reports, performance analytics, client advocacy, and SLA protection like NCS while expertly navigating the intricacies of the IRS.
